### DETAILED ACTION

Claims 1, 2, 4, 5, 6, 7, 9 and 10 are pending.

#### *Allowable Subject Matter*

1. Claims 1, 2, 4, 5, 6, 7, 9 and 10 allowed.
2. The following is an examiner's statement of reasons for allowance:
3. In combination of the other limitations of independent claim<sup>1</sup>, prior art of record fails to teach a "switch device that switches a destination of connection of the interface of the peripheral device from the first controller to the second controller in response to a select signal supplied from the second controller" and further a "power supply unit supplying power to the first system, the peripheral device, and the switch device in response to the power-on signal, the power supply unit supplying power to the second system, the peripheral device and the switch device in response to the reproduction instruction signal."
6. The prior art references taken individually or in combination with others fail to teach the instant invention of the Applicant. It is for the reasons listed above that the Examiner finds the Application to be in compliance for allowance of the pending claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
